### E-Learning Activity for Art

Get out your supplies. You will need a pencil, eraser, crayons and this paper.

#### **I Got You Some Flowers!**

Your paper has a flower pot on it but no flowers. Please draw some flowers to go into the flower pot. Start by drawing the stems for your flowers, long thin rectangles. Then draw the flowers onto your stems. You can make your flowers any shapes you like, but drawing a small circle with other circles around it makes pretty flowers. Once your drawing is complete be sure to color your drawing. You need to color the entire page: the flowers, the flower pot, the wall, and the table. Everyone loves flowers so be sure to give them to someone you love when you are done! ☺
